Arthur Morrison

The Blackest Streets Sarah Wise, 2009 History.

The Undesirables Sarah Wise, 2024-04-04 Through the early twentieth century, the British Government locked away over 50,000 innocent people. Their 'crimes'? Being poor and unyielding. This is their story. 'The heartrending stories Sarah Wise has unearthed beggar belief... beautifully researched and truly compelling.' Catherine Bailey, author of *Black Diamonds* By 1950, an estimated 50,000 people had been deemed 'defective' by the British government and detained indefinitely under the 1913 Mental Deficiency Act. Their 'crimes' were various: women with children born out of wedlock; rebellious teenagers caught shoplifting; those with epilepsy, hearing impairments and chronic illnesses who had struggled in school; and many who were simply 'different'. Forcibly removed from their families and confined to a shadow world of specialist facilities in the countryside, they were hidden away and forgotten - out of sight, out of mind. Through painstaking archival research, award-winning historian Sarah Wise shines a light on this shameful chapter. Piecing together the lives irrevocably changed by this devastating legislation, *The Undesirables* provides a compelling study of how early twentieth-century attitudes to class, gender and disability resulted in a nationwide scandal - and how they continue to shape social policy to this day.

Inconvenient People Sarah Wise, 2012-10-04 This highly original book brilliantly exposes the phenomenon of false allegations of lunacy and the dark motives behind them in the Victorian period. Gaslight tales of rooftop escapes, men and women snatched in broad daylight, patients shut in coffins, a fanatical cult known as the Abode of Love... The nineteenth century saw repeated panics about sane individuals being locked away in lunatic asylums. With the rise of the 'mad-doctor' profession, English liberty seemed to be threatened by a new generation of medical men willing to incarcerate difficult family members in return for the high fees paid by an unscrupulous spouse or friend. Sarah Wise uncovers twelve shocking stories, untold for over a century and reveals the darker side of the Victorian upper and middle classes - their sexuality, fears of inherited madness, financial greed and fraudulence - and chillingly evoke the black motives at the heart of the phenomenon of the 'inconvenient person.' 'A fine social history of the people who contested their confinement to madhouses in the 19th century, Wise offers striking arguments, suggesting that the public and juries were more intent on liberty than doctors and families' *Sunday Telegraph*

The Blackest Streets Sarah Wise, 2013-01-31 'An excellent and intelligent investigation of the realities of urban living that respond to no design or directive... This is a book about the nature of London itself' Peter Ackroyd, The Times A powerful exploration of the seedy side of Victorian London by one of our most promising young historians. In 1887 government inspectors were sent to investigate the Old Nichol, a notorious slum on the boundary of Bethnal Green parish, where almost 6,000 inhabitants were crammed into thirty or so streets of rotting dwellings and where the mortality rate ran at nearly twice that of the rest of Bethnal Green. Among much else they discovered that the decaying 100-year-old houses were some of the most lucrative properties in the capital for their absent slumlords, who included peers of the realm, local politicians and churchmen. The Blackest Streets is set in a turbulent period of London's history when revolution was in the air. Award-winning historian Sarah Wise skilfully evokes the texture of life at that time, not just for the tenants but for those campaigning for change and others seeking to protect their financial interests. She recovers Old Nichol from the ruins of history and lays bare the social and political conditions that created and sustained this black hole which lay at the very heart of the Empire. A revelatory and prescient read about cities, class and inequality, the message at the heart of The Blackest Streets still resonates today.

The Italian Boy Sarah Wise, 2014-04-08 A thrilling history of England's great metropolis at a point of great change, told through the story of a young vagrant murdered by resurrection men Before his murder in 1831, the Italian boy was one of thousands of orphans on the streets of London, moving among the livestock, hawkers, and con men, begging for pennies. When his body was sold to a London medical college, the suppliers were arrested for murder. Their high-profile trial would unveil London's furtive trade in human corpses carried out by body-snatchers--or resurrection men--who killed to satisfy the first rule of the cadaver market: the fresher the body, the higher the price. Historian Sarah Wise reconstructs not only the boy's murder but the chaos and squalor of London that swallowed the fourteen-year-old vagrant long before his corpse appeared on the slab. In 1831, the city's poor were desperate and the wealthy were petrified, the population swelling so fast that old class borders could not possibly hold. All the while, early humanitarians were pushing legislation to protect the disenfranchised, the courts were establishing norms of punishment and execution, and doctors were pioneering the science of human anatomy. Vivid and intricate, The Italian Boy restores to history the lives of the very poorest Londoners and offers an unparalleled account of the sights, sounds, and smells of a city at the brink of a major transformation.

The Worst Street in London Fiona Rule, 2018-11-26 Amid the bustling streets of Spitalfields, East London, there is a piece of real estate with a bloody history. This was once Dorset Street: the haunt of thieves, murderers and prostitutes; the sanctuary of persecuted people; the last resort for those who couldn't afford anything else - and the setting for Jack the Ripper's murderous spree. So notorious was this street in the 1890s that policemen would only patrol this area in pairs for their own safety. This book chronicles the rise and fall of this remarkable street; from its promising beginnings at the centre

of the seventeenth-century silk weaving industry, through its gradual descent into iniquity, vice and violence; and finally its demise at the hands of the demolition crew. Meet the colourful characters who called Dorset Street home.

Rodinsky's Room Iain Sinclair, Rachel Lichtenstein, 2014-10-02 Rodinsky's world was that of the East European Jewry, cabbalistic speculation, an obsession with language as code and terrible loss. He touched the imagination of artist Rachel Lichtenstein, whose grandparents had left Poland in the 1930s. This text weaves together Lichtenstein's quest for Rodinsky - which took her to Poland, to Israel and around Jewish London - with Iain Sinclair's meditations on her journey into her own past and on the Whitechapel he has reinvented in his own writing. Rodinsky's Room is a testament to a world that has all but vanished, a homage to a unique culture and way of life.

Dirty Old London Lee Jackson, 2014-01-01 In Victorian London, filth was everywhere: horse traffic filled the streets with dung, household rubbish went uncollected, cesspools brimmed with night soil, graveyards teemed with rotting corpses, the air itself was choked with smoke. In this intimately visceral book, Lee Jackson guides us through the underbelly of the Victorian metropolis, introducing us to the men and women who struggled to stem a rising tide of pollution and dirt, and the forces that opposed them. Through thematic chapters, Jackson describes how Victorian reformers met with both triumph and disaster. Full of individual stories and overlooked details--from the dustmen who grew rich from recycling, to the peculiar history of the public toilet--this riveting book gives us a fresh insight into the minutiae of daily life and the wider challenges posed by the unprecedented growth of the Victorian capital.

A Child of the Jago Illustrated Arthur Morrison, 2021-02-06 A Child of the Jago is an 1896 novel by Arthur Morrison. A bestseller in its time, [1] it recounts the brief life of Dicky Perrott, a child growing up in the Old Jago, a fictionalisation of the Old Nichol, [2] a slum located between Shoreditch High Street and Bethnal Green Road in the East End of London. The late nineteenth century English novelist George Gissing, who read the novel on Christmas Day 1896, felt that it was poor stuff.

Ordinary Lives, Death, and Social Class Ciara Breathnach, 2022-05-26 Ordinary Lives, Death, and Social Class focuses on the evolution of the Dublin City Coroner's Court and on Dr Louis A. Byrne's first two years in office. Wrapping itself around the 1901 census, the study uses gender, power, and blame as analytical frameworks to examine what inquests can tell us about the impact of urban living from lifecycle and class perspectives. Coroners' inquests are a combination of eyewitness testimony, expert medico-legal language, detailed minutiae of people, places, and occupational identities pinned to a moment in time. Thus they have a simultaneous capacity to reveal histories from both above and below. Rich in geographical, socio-economic, cultural, class, and medical detail, these records collated in a liminal setting about the hour of death bear incredible witness to what has often been termed 'ordinary lives'. The subjects of Dr Byrne's court were among the poorest in Ireland and, apart from common medical causes problems linked to lower socio-economic groups, this volume covers preventable cases of workplace accidents, neglect, domestic abuse, and homicide.

The Secret World of the Victorian Lodging House Joseph O'Neill, 2014-11-30 Criminals, drifters, beggars, the homeless, immigrants, prostitutes, tramping artisans, street entertainers, abandoned children, navvies, and families fallen on hard times _ a whole underclass of people on the margins of society passed through Victorian London

Victorian London Liza Picard, 2013-05-23 From rag-gatherers to royalty, from fish knives to Freemasons: everyday life in Victorian London. Like its acclaimed companion volumes, *Elizabeth's London*, *Restoration London* and *Dr Johnson's London*, this book is the product of the author's passionate interest in the realities of everyday life so often left out of history books. This period of mid Victorian London covers a huge span: Victoria's wedding and the place of the royals in popular esteem; how the very poor lived, the underworld, prostitution, crime, prisons and transportation; the public utilities - Bazalgette on sewers and road design, Chadwick on pollution and sanitation; private charities - Peabody, Burdett Coutts - and workhouses; new terraced housing and transport, trains, omnibuses and the Underground; furniture and decor; families and the position of women; the prosperous middle classes and their new shops, such as Peter Jones and Harrods; entertaining and servants, food and drink; unlimited liability and bankruptcy; the rich, the marriage market, taxes and anti-semitism; the Empire, recruitment and press-gangs. The period begins with the closing of the Fleet and Marshalsea prisons and ends with the first (steam-operated) Underground trains and the first Gilbert & Sullivan.

English and British History in 100 Bite-size Chunks Paul Hodson, 2020-08-25 Very often, history is thought of as that lesson we suffered through at school, made into boring facts and figures rather than the rich and interesting tales that actually comprise it. In *English and British History in 100 Bite-size Chunks*, history is enlivened and broken down into readable 'chunks' that anyone can read, and learn, at their leisure. Beginning at the beginning, with the physical formation of these lands, it ends where we are now, with our current lifestyle, government, society, beliefs, complexities, fears and hopes. It charts the development of England's characteristics through the great and the good, and ordinary men and women; those who often get the glory and those who lived lives more hidden from history's storytellers. It brings to life people, places, events and ideas; and successes and failures. This is not a story of England in splendid isolation but a more rounded picture touching on the influences from and on other places and nations, for good or bad, near and far in geography and time. 100 Bitesize Chunks are followed by a recognition of historic themes and some conclusions, and just a glimpse of the possible future history of a nation. A commentary on history itself, how we know, how 'history works', what we think of it, and how we care for it - or don't care for it, this book is an encouragement to study history actively through the evidence we can see and touch and interpret, in museums and in its real locations. Ideal for anyone returning to history or for an enthusiast!

Critical Essays on Arthur Morrison and the East End Diana Maltz, 2022-07-26 In 1896, author Arthur Morrison gained notoriety for his bleak and violent *A Child of the Jago*, a slum novel that captured the desperate struggle to survive among London's poorest. When a reviewer accused Morrison of exaggerating the depravity of the neighborhood on which the *Jago*

was based, he incited the era's most contentious public debate about the purpose of realism and the responsibilities of the novelist. In his self-defense and in his wider body of work, Morrison demonstrated not only his investments as a formal artist, but also his awareness of social questions. As the first critical essay collection on Arthur Morrison and the East End, this book assesses Morrison's contributions to late-Victorian culture, especially discourses around English working-class life. Chapters evaluate Morrison in the context of Victorian criminality, child welfare, disability, housing, professionalism, and slum photography. Morrison's works are also reexamined in the light of writings by Sir Walter Besant, Clementina Black, Charles Booth, Charles Dickens, George Gissing, and Margaret Harkness. This volume features an introduction and 11 chapters by preeminent and emerging scholars of the East End. They employ a variety of critical methodologies, drawing on their respective expertise in literature, history, art history, sociology, and geography. *Critical Essays on Arthur Morrison and the East End* throws fresh new light on this innovative novelist of poverty and urban life.

Disease and Crime Robert Peckham, 2013-12-04 Disease and crime are increasingly conflated in the contemporary world. News reports proclaim epidemics of crime, while politicians denounce terrorism as a lethal pathological threat. Recent years have even witnessed the development of a new subfield, epidemiological criminology, which merges public health with criminal justice to provide analytical tools for criminal justice practitioners and health care professionals. Little attention, however, has been paid to the historical contexts of these disease and crime equations, or to the historical continuities and discontinuities between contemporary invocations of crime as disease and the emergence of criminology, epidemiology, and public health in the second half of the nineteenth century. When, how and why did this pathologization of crime and criminalization of disease come about? This volume addresses these critical questions, exploring the discursive construction of crime and disease across a range of geographical and historical settings.

The Five Hallie Rubenhold, 2019 Miscast in the media for nearly 130 years, the victims of Jack the Ripper finally get their full stories told in this eye-opening and chilling reminder that life for middle-class women in Victorian London could be full of social pitfalls and peril.

Beyond the Tower John Marriott, 2011-11-29 From Jewish clothing merchants to Bangladeshi curry houses, ancient docks to the 2012 Olympics, the area east of the City has always played a crucial role in London's history. The East End, as it has been known, was the home to Shakespeare's first theater and to the early stirrings of a mass labor movement; it has also traditionally been seen as a place of darkness and despair, where Jack the Ripper committed his gruesome murders, and cholera and poverty stalked the Victorian streets. In this beautifully illustrated history of this iconic district, John Marriott draws on twenty-five years of research into the subject to present an authoritative and endlessly fascinating account. With the aid of copious maps, archive prints and photographs, and the words of East Londoners from seventeenth-century silk weavers to Cockneys during the Blitz, he explores the relationship between the East End and the rest of London, and

challenges many of the myths that surround the area.

The House on Paradise Street Sofka Zinovieff,2013-01-01 In 2008 Antigone Perifanis returns to her old family home in Athens after 60 years in exile. She has come to attend the funeral of her only son, Nikitas, who was born in prison, and whom she has not seen since she left him as a baby. At the same time, Nikitas's English widow Maud – disturbed by her husband's strange behaviour in the days before his death – starts to investigate his complicated past. She soon finds herself reigniting a bitter family feud, and discovers a heartbreaking story of a young mother caught up in the political tides of the Greek Civil War, forced to make a terrible decision that will blight not only her life but that of future generations...

All Our Welfare Beresford, Peter,2016-01-29 The UK welfare state is under sustained ideological and political attack. It has also been undermined by accusations of paternalism and past failures to engage with the very people it is intended to help. This unique book is the first to critique the past, present and future welfare state from a participatory perspective. Peter Beresford, champion of user involvement, draws on pioneering theories and practice of welfare service user movements to offer a blueprint for a new participatory social policy. He controversially challenges orthodox social policy and the limitations of both Fabian and Neo-liberal perspectives in engaging people to improve their own welfare, drawing on service users' own ideas and experience, including fascinating vignettes from his own family's experience, to demonstrate the value of 'user knowledge'. Filling a much-needed gap in the literature, this accessible text will provide a great introduction for students and a road-map for practitioners of an alternative vision for a future participatory and sustainable social policy. It will also command much wider interest from everyone concerned with how we look after each other in future in society.
