An Introduction to English Sentence Structure Andrew Radford,2020-10-15 A readable introduction to English syntax and syntactic theory, argumentation and description, suitable for students with little prior knowledge.

English Sentence Patterns Karin Hauschild,2013-09 English Sentence Patterns is both an information book, and a workbook for international students of English for academic work. English Sentence Patterns demonstrates structure in a variety of sentences to help the writer control the expression of ideas. The book offers explanations and examples of how to form different sentences in English to help develop flexibility and ease in written work.

Sentence Patterns in English and Hebrew Ron Kuzar,2012 Sentence Patterns in English and Hebrew offers an innovative perspective on sentential syntax, in which sentence patterns are introduced as constructions within the general framework of Construction Grammar. Drawing on naturally occurring data collected from the Internet, the study challenges the prevailing view of predication as the sole mechanism of sentence formation, and introduces the idea of patterning as a complementary, sometimes even alternative mechanism. Major sentence patterns of English and Hebrew are systematically presented, targeting both their form and their function. A contrastive analysis of the sentence patterns in these two languages results in postulating a typological group, in which cognitive motivations are shown to account for both similarities and differences within the typology. Sentence Patterns in English and Hebrew will appeal to scholars of constructional approaches, cognitive linguistics, typology, syntax, as well as anyone interested in English and Hebrew.

A College Grammar of English Sidney Greenbaum,1989

How to Speak and Write Correctly Joseph Devlin,2013-03-06 This antiquarian volume contains a comprehensive guide to speaking and writing correctly, with information on grammar, sentence structure, writing letters, common pitfalls, comments on famous pieces of literature and their authors, and much more. Written in simple, clear language and full of helpful tips and hints, this text will be of considerable utility to those with a keen interest in linguistics, and it would make for a worthy addition to any personal library. The chapters of this book include: Essentials of English Grammar, The Sentence, Figurative Language, Punctuation, Letter Writing, Errors, Pitfalls to Avoid, Style, Suggestions, Slang, Writing for Newspapers, Choice of Words, English Language, and Masters and Masterpieces of Literature. We are republishing this vintage book now in an affordable, modern edition complete with a new prefatory biography of the author.

Japanese Sentence Patterns for Effective Communication 井口紀子,2005-09-27 Japanese Sentence Patterns for Effective Communication presents 142 essential sentence Patterns for everyday conversation - all that is needed to get by in most uncomplicated social situations. These patterns represent the basic building blocks of sophisticated speech, and are mastered by all intermediate students. Each is given first in the form of a full-length English sentence, so that one can quickly understand its meaning and intent, then is followed by a Japanese translation, a short, precise explanation, several example sentences, and a practice section that allows one to test one's comprehension. By familiarizing oneself with these patterns and practicing them out loud, and inventing new sentences with them, one will quickly gain the skills necessary to effectively communicate one's thoughts in Japanese. With page after page of sentence-pattern practice and straightforward explanations of grammar, this book is ideal for ambitious beginning-level students who wish to up their oral proficiency quickly. But it will also usefully serve intermediate and advanced students in need of solid review material, or anyone with an interest in the workings of the Japanese language.--BOOK JACKET.

A Dictionary of Basic Japanese Sentence Patterns Naoko Chino,2013-02-22 A Dictionary of Basic Japanese Sentence Patterns is a fundamental learning tool for all students of the Japanese language, whether they be unblemished beginners or scarred veterans. With both types of struggling student, as well as for all the gradations that fall in between, there is a strong tendency, in the heat of battle, to lose sight of the essential nature of the Japanese sentence. It is for just such people that this dictionary has been created, to help them keep their eyes fixed firmly on the target and not be led astray. The dictionary contains fifty of the most fundamental Japanese sentence patterns as well as sixty-nine variations. This number covers all the patterns that are needed for levels 3 and 4 of the Japanese Language Proficiency Test. Each pattern and variation is clearly defined by a formula given in Japanese, romanization, and English. Each is exemplified by sample sentences (both in single sentences and in dialogues), and each is represented in both polite and informal usage. By means of this approach, the essential nature of the Japanese sentence is clarified, and once that has been done, the many patterns and variations fall easily into place. The simple, undisguised truth is that there are only three types of sentence in Japanese, and all of the convolutions and complications that distract and bemuse the student are nothing more than modifications of these three fundamental types. The study of the Japanese sentence need not be as difficult as it is seems. A Dictionary of Basic Japanese Sentence Patterns may be used as a reference book to look up individual patterns for the purpose of learning, confirming, or reapproaching them, or it may be used as a textbook to be read from beginning to end, providing an overview of the Japanese sentence while buttressing the student's grasp of individual patterns. Naoko Chino, the author of the best-selling All about Particles and Japanese Verbs at a Glance, has again presented one of the more forbidding aspects of the language in a way that is both approachable and eminently comprehensible. Main Features – Fifty of the Most Common Basic Patterns – Sixty-nine Variations of the Basic Patterns – Formulas Delineating Basic Pattern Structure – Definitions of Terms Used in the

Formulas – Polite Example Sentences and Dialogues – Informal Example Sentences and Dialogues – Commentary on Individual Usages – All the Basic Patterns Needed for Levels 3 & 4 of the Japanese Language Proficiency Test

Essential English Sentence Patterns, Vol 1 Brand Smit,2024-07-27 In order for learners to improve English proficiency, it's essential for them to learn and practice a wide variety of sentence structures. Doing so will help them express themselves more accurately and effectively. In this set of 15 worksheets, we have compiled 150 common sentence patterns that learners can use in various contexts, from everyday conversations to writing essays or reports. These patterns will enable them to convey their ideas, opinions, and feelings with more precision and clarity, and to better understand what others are saying. By studying and mastering these patterns, learners will become more confident and proficient communicators in English. * * * * * * * * * * Each lesson consists of one exercise that introduces a set of ten sentence patterns with descriptions; two exercises reinforcing understanding of the sentence patterns; one exercise where students have to come up with their own sentences showing they understand how to use the sentence patterns. * * * * * * * * * * With Essential English Sentence Patterns, Volume 1 you will get three documents: 15 x 3-page worksheets An answer key for all 15 worksheets An index of all 150 sentence patterns with descriptions and example sentences for each * * * * * * * * * *

Artful Sentences Virginia Tufte,2006 In Artful Sentences: Syntax as Style, Virginia Tufte shows how standard sentence patterns and forms contribute to meaning and art in more than a thousand wonderful sentences from the twentieth and twenty-first centuries. The book has special interest for aspiring writers, students of literature and language, and anyone who finds joy in reading and writing.--Publisher's description.

English Sentence Patterns Robert Lado,Charles Carpenter Fries,University of Michigan. English Language Institute,1958

Tools Students Need to Be Skillful Writers Phyllis Hostmeyer,2012-10-23 This sourcebook of sentence-level grammar activities is designed to give students explicit practice and confidence in writing a variety of sentence types effectively. It is a

book of practical ideas to be shared by real teachers as they help students to study and practice the craft of writing, following standard written English and providing insights into the courtesies of consistent and accurate mechanics, spelling, and usage.

Grammar by Diagram – Third Edition Cindy L. Vitto,2022-02-03 Grammar by Diagram is a book designed for anyone who wishes to improve grammatical understanding and skill. Using traditional sentence diagraming as a visual tool, the book explains how to expand ten basic patterns for simple sentences into compound, complex, and compound-complex sentences, and how to employ verbals (infinitives, gerunds, and participles), other specialized structures, and even punctuation for additional versatility. The third edition includes more exercises at the foundational level and more focus on how to arrange and combine sentences for maximum effect. It also includes a new initial CHAPTER on "preliminaries" to define a few basic but overarching concepts, a separate CHAPTER on pronouns, and a CHAPTER devoted to the connection between understanding grammar and writing effective sentences.

Patterns of English Paul Roberts,1956

English Sentence Analysis Marjolijn Verspoor,Kim Sauter,2000-08-15 English Sentence Analysis: An introductory course is designed as a 10-week course for students of English Language and Literature, Linguistics, or other language related fields. In 10 weeks the student will be proficient in English analysis at sentence, clause and phrase level and have a solid understanding of the traditional terms and concepts of English syntax. This introduction prepares for practical courses in grammar and writing skills and for theoretical courses in syntactic argumentation. The Course Book provides sentence structures in clear graphics; logically structured chapters with Introductions and Summaries; exercises with quotations and excerpts from English, American and Australian literature and pop songs. English Sentence Analysis: An introductory course has been classroom tested at various universities. The students seem to enjoy the 'dreaded' syntax course and pass rates have gone up significantly from 50 to 70%. Originally, this book was accompanied by a CD-rom with a Practice Program for Windows. The Practice Program on CD-rom is not updated anymore by its creators and as a result is no longer compatible with current Windows versions. For this reason, we have ceased to include it with the book.

Pattern Grammar Susan Hunston,Gill Francis,2000 This book describes an approach to lexis and grammar based on the concept of phraseology and of language patterning arising from work on large corpora. The notion of 'pattern' as a systematic way of dealing with the interface between lexis and grammar was used in Collins Cobuild English Dictionary (1995) and in the two books in the Collins Cobuild Grammar Patterns series (1996; 1998). This volume describes the research that led to these publications, and explores the theoretical and practical implications of the research. The first chapter sets the work in the context of work on phraseology. The next two chapters give several examples of patterns and how they are identified. Chapters 4 and 5 discuss and exemplify the association of pattern and meaning. Chapters 6, 7 and 8 relate the

concept of pattern to traditional approaches to grammar and to discourse. Chapter 9 summarizes the book and adds to the theoretical discussion, as well as indicating the applications of this approach to language teaching. The volume is intended to contribute to the current debate concerning how corpora challenge existing linguistic theories, and as such will be of interest to researchers in the fields of grammar, lexis, discourse and corpus linguistics. It is written in an accessible style, however, and will be equally suitable for students taking courses in those areas.

Learn Japanese: Must-Know Japanese Slang Words & Phrases Innovative Language Learning,JapanesePod101.com, Do you want to learn Japanese the fast, fun and easy way? And do you want to master daily conversations and speak like a native? Then this is the book for you.
